THE CHILDREN'S HOME.

Nos. 308 to 316 W. 9th street; Meigs V. Crouse, Superintendent. Its objects are: (1) To ameliorate and elevate the condition of the children of poor and unfortunate parents, by procuring for the homeless and destitute who may be committed to it, in accordance with its charter, permanent country homes in Christian families, where they will be trained in habits of industry and receive a suitable English education. (2) To clothe, feed and instruct such children gratuitously, so long as they remain in the Children's Home. (3) To afford a temporary home to poor children, whose parents, thus aided, may be enabled in a short time to support them in homes of their own; and such other religious and charitable work as the trustees may at any time adopt.

THE CINCINNATI UNION BETHEL.

South-east cor. 3d and Lawrence. Lodging and Bath House, 308 East Front street. Wm. F. Boyd, President of Board of Trustees; R. S. Fulton, Vice President; John Gates, Treasurer; Benj. Sebastian, Secretary; Jas. O. White, Superintendent. Chief object of the Union Bethel is to do constructive and preventive work among the poor. It has a Sunday-school every Sunday at 2:30 of poor children, averaging in attendance about 500; a sewing-school of about 250 girls; a cooking-school of 50 girls; a daily kindergarten, with mothers' meetings; a finely-equipped bath; a laundry for poor women; a gymnasium; a music school; a dentistry department; a district nurse; a social settlement of fifteen resident workers; boys' and girls' clubs; millinery and shirt waist clubs; home libraries; a splendidly arranged suite of men's club rooms, which any self-respecting man may join for 25 cents a month. In addition to this preventive work, is given about \$2,500 a year in relief to the poor in the form of clothes, shoes, groceries, rent, etc. It runs a lodging house for homeless men.

THE OHIO HUMANE SOCIETY.

(For the Prevention of Cruelty to Children and Animals.)

Office and Headquarters, 24 E. 9th; Telephone Canal 1792. Rev. Wm. A. Robinson, President; Mrs. Theodore Workum, Vice President; O. A. Trounstine, Secretary and Treasurer. Animal Shelter House, Baltimore Av. north-west of Casper, N. Fairmount. All complaints of cruelty and neglect to children and animals should be sent to the office of the Society, 24 E. 9th street. The name of the informer will be held in confidence and not used in case prosecution becomes necessary. The Society is one of the active out-door agencies for the protection and rescue of children. In the care of these unfortunate children the Society co-operates with the numerous houses of refuge, children's homes, orphan and other asylums, hospitals, nurseries, charities, etc. Its agents seek out and investigate cases of abuse and neglect of children, hunt up truant and criminal parents, and compel them to care for their children, and gather up homeless and vagabond children. Offenders are prosecuted when necessary, and the little waifs are turned over to the permanent care of other organizations and institutions. In 1883 the Society secured the passage of a law providing a fine of \$200 and imprisonment for six months for parents failing to provide for their children. The enforcement of this law is having a most salutary effect. Hardly a day passes in which one or more cases are not reported of dissipated and licentious fathers who have deserted their families, leaving the wife to eke out a scanty existence as best she could at the wash-tub or with the needle, or to live upon public charity. The courts have co-operated earnestly in the enforcement of this law. Whenever an offender of this kind is brought before them, a heavy sentence is put over his head, and he is allowed to go on his good behavior. It is seldom necessary to bring him in a second time. It is gratifying to be able to state that, with this law to aid their efforts, the agents of the Society are able, in many cases, to bring about a satisfactory reunion and re-establishment of families without an appearance in court. It is always desirable to avoid publicity in such cases if possible. The law compels children to support their parents, when old and infirm, to which cases the society also attends. We assist financially after prompt and personal investigation, pay rent for abandoned families, and bury the dead to save them from potters' field. During 1906 this Society collected \$48,888.70 from truant fathers, and this entire amount was paid to their families. The Society bettered the condition of 5,436 children and 23,000 animals.

STREET DIRECTORY.

THE Street Directory is an alphabetical arrangement of the names of the Streets and Avenues of the city. By the decimal system of numbering houses, one hundred numbers are allotted to each square. On streets running north and south the numbering begins at the Ohio River. The streets running east and west are numbered east and west from Vine street. All other streets not commencing at either of the above points are numbered in accordance with this system. To such of the streets as are of any considerable importance the names and numbers of intersecting streets and avenues are given in the order in which they occur, which enables one to tell between what streets a certain number is. For instance, you have 420 W. 6th street: by reference to the Street Directory, you find 400 at Central Av. and 500 at John street; consequently the place you wish to find is between Central Av. and John.

Investment Value of Bonds.

Bonds are "promises to pay" in full at a specified time. The payment of both interest and principal is secured by the properties and income of the corporation issuing them.

Stock represents part-ownership in the value of the properties **after** the bonds have been paid. Its price fluctuates widely with changing business conditions and is subject to manipulation.

The investment surplus of **National** and **Savings Banks, Insurance** and **Trust Companies** is placed largely in :

Municipal Bonds

issued by states, counties and cities, to secure money for public buildings, bridges, streets, sewerage systems, water-works, etc. The payment of both interest and principal is *guaranteed* by the *power of taxation*.

Railroad Bonds.

Railroads are public carriers with the right of eminent domain. The volume of their traffic fluctuates with changing business conditions, but the minimum amount necessary to pay *fixed charges* (including interest on bonds) is practically *assured at all times*.

Public Service Corporation Bonds.

These corporations operate under public franchise, in most cases under a grant of monopoly for a given time. They perform public needs, which are *affected but little by general business depressions*.

These bonds command a general market and can be realized upon at any time.

We own and offer for sale in small or large amounts (\$100 and up), to suit purchaser, bonds of the above classes, **yielding from 4 to 6 per cent.**

RENEWABLE, REVERSIBLE & REGRINDABLE

The only valve on the market to-day combining the above features.

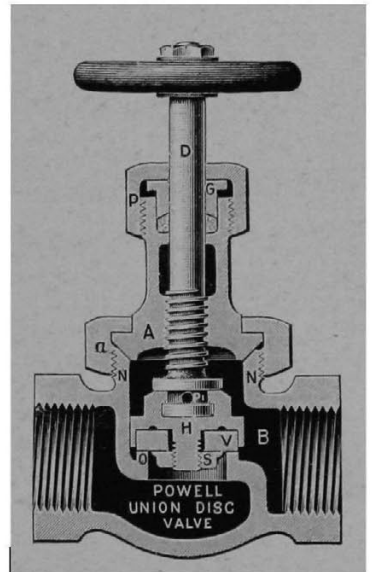

The White Star Renewable, Reversible and Re grindable Disc, being made of a peculiar white bronze, will resist high temperatures and the wearing action of superheated steam.

The reversible and renewable features alone make it the most economical valve on the market.

You Can't Blow Off the Bonnet Rigging of The Powell Union Composite Disc Valve

The patent ground joint connection between "A" and "N" and hexagon swivel nut "a" prevents that. The higher the pressure the tighter the grip. You don't need red lead to make it steam tight after you have taken it apart for inspection or repairs—the steam doesn't reach the threads. Plenty of strength and metal where the body might be weak.

These are only a couple of the good points in the Powell Union Disc Valve—our booklet tells them all—want it?
