(2) To clothe, feed and instruct such children gratuitously, so long as they remain in the Children's Home. (3) To

afford a temporary home to poor children, whose parents, thus aided, may be enabled in a short time to support them in homes of their own; and such other religious and charitable work as the trustees may at any time adopt.

South-east cor. 3d and Lawrence. Lodging and Bath House, 308 East Front street. Settlement House, south-east corner 3d and Lawrence. It has a Sunday-school every Sunday at 2:30 of children, averaging in attendance about 300; a sewing-school of about 250 girls; a cooking school of 50 girls; mothers' meetings; a finely-equipped bath; a gymnasium; a music school; a medical and dentistry department; a district nurse; a social settlement of fifteen resident workers; boys' and girls' clubs; millinery and shirt waist clubs; home libraries; a splendidly arranged suite of men's club rooms, which any self-respecting man may join for 25 cents a month. THE OHIO HUMANE SOCIETY.

(For the Prevention of Cruelty to Children and Animals.)

Office and Headquarters, 24 E. 9th; Telephone Canal 1792. Rev. Wm. A. Robinson, President; Mrs. Theodore Workum, Vice President; O. A. Trounstine, Secretary and Treasurer. All complaints of cruelty and neglect to children and animals should be sent to the office of the Society, 24 E. 9th street. The name of the informer will be held in confidence and only used in case prosecution becomes necessary. The Society is one of the active out-door agencies for the protection and rescue of children. In the care of these unfortunate children, the society co-operates with the numerous houses of refuge, children's homes, orphan and other asylums, hospitals, nurseries, charities, etc. Its agents seek out and investigate cases of abuse and neglect of children, hunt up truant and criminal parents, and compel them to care for their children, and gather up homeless and dependent children. Offenders are prosecuted when necessary, and the little waifs are turned over to the permanent care of other organizations and institutions. In 1883 the Society secured the passage of a law providing a fine of $200 and imprisonment for six months for parents failing to provide for their children. The enforcement of this law is having a most salutary effect. Hardly a day passes in which one or more cases are not reported of dissipated and licentious fathers who have deserted their families, leaving the wife to eke out a scanty existence as best she can at the wash-tub or with the needle, or to live upon public charity. The courts have co-operated earnestly in the enforcement of this law. Whenever an offender of this kind is brought before them, a heavy sentence is put over his head, and he is allowed to go on his good behavior. It is seldom necessary to bring him in a second time. It is gratifying to be able to state that, with this law to aid their efforts, the agents of the Society are able, in many cases, to bring about a satisfactory reunion and re-establishment of families without an appearance in court. It is always desirable to avoid publicity in such cases if possible. The law compels children to support their parents, when old and infirm, to which cases the society also attends. We assist financially after prompt and personal investigation and pay rent for abandoned families. During 1906 this Society collected $48,886.70 from truant fathers, and this entire amount was paid to their families without any cost to them. The Society bettered the condition of 5,436 children and 43,000 animals.

STREET DIRECTORY.

THE Street Directory is an alphabetical arrangement of the names of the Streets and Avenues of the city. By the decimal system of numbering houses, one hundred numbers are allotted to each square. On streets running north and south the numbering begins at the Ohio River. The streets running east and west are numbered east and west from Vine street. All other streets not commencing at either of the above points are numbered in accordance with this system. To such of the streets as are of any considerable importance the names and numbers of intersecting streets and avenues are given in the order in which they occur, which enables one to tell between what streets a certain number is. For instance, you have 420 W. 6th street: by reference to the Street Directory, you find 400 at Central Av. and 500 at John street; consequently the place you wish to find is between Central Av. and John.

DON'T USE AN OLD DIRECTORY

It may lead you astray. The changes in a city are so numerous that an out-of-date directory for present use is comparatively of little value. Buy a new directory as soon as it is issued.

Some One Is Looking for You.

It may be a customer — how important then to have your business fully set forth in the pages of the Directory.

RESOURCES, FORTY MILLION DOLLARS.

Investment Value of Bonds.

Bonds are "promises to pay" in full at a specified time. The payment of both interest and principal is secured by the properties and income of the corporation issuing them.

Stock represents part-ownership in the value of the properties **after** the bonds have been paid. Its price fluctuates widely with changing business conditions and is subject to manipulation.

The investment surplus of **National** and **Savings Banks, Insurance** and **Trust Companies** is placed largely in:

Municipal Bonds

issued by states, counties and cities, to secure money for public buildings, bridges, streets, sewerage systems, waterworks, etc. The payment of both interest and principal is *guaranteed* by the *power of taxation.*

Railroad Bonds.

Railroads are public carriers with the right of eminent domain. The volume of their traffic fluctuates with changing business conditions, but the minimum amount necessary to pay *fixed charges* (including interest on bonds) is practically *assured at all times.*

Public Service Corporation Bonds.

These corporations operate under public franchise, in most cases under a grant of monopoly for a given time. They perform public needs, which are *affected but little by general business depressions.*

These bonds command a general market and can be realized upon at any time.

We own and offer for sale in small or large amounts ($100 and up), to suit purchaser, bonds of the above classes, yielding from 4 to 7 per cent.

WHY WURLITZER SELLS MOST PIANOS

THE REASON most pianos and player pianos sold in Cincinnati are sold by Wurlitzer is that we offer choice of twenty-four leading makes at the lowest prices in the United States.

The reason Wurlitzer prices are lowest is that we do not employ outside piano salesmen and do not pay commissions to music teachers or any one else. We positively save you $25 to $150 on a piano or player piano.

Pianos sold: **Steinway, A. B. Chase, Mehlin, Melville Clark, Vose, Ludwig, Lester, Milton, Kingston, Metropolitan, WURLITZER, etc.**

Player Pianos sold: **Apollo, A. B. Chase Artistano, Steinway Pianola Piano, Mehlin, Vose, Ludwig, Lester, Milton, Voight, WURLITZER, etc.**

Easy payments.

Pianos to rent, **$3.50** a month and up.

Piano tuning at lowest rates.

Mr. Printer Man:---

Do you know there is one <u>best</u> device for holding and registering printing plates, but, perhaps, you are like "some" printers --- you don't want <u>the best</u>.

"Perhaps" it doesn't make any difference to you whether it takes your pressman a day or two, or even three days to make up and register a form, even though the press is idle in the mean time.

"Perhaps" a plate or two may slip and not register.

"Perhaps" a job or two may be rejected on account of it and your "reputation" may ----- What's that? You'll live anyhow.

Well, our system won't save you anything -- except money and trouble -- but "some" printers don't have much of either, so why get one and get rid of the other?

But really we are so enthusiastic and so confident of the results of what the WARNOCK SYSTEMS will do for you, that we are willing to take all the chances, and it won't cost you a dollar, unless you say it's all right.

Why shouldn't we be confident, even proud, when people who do some of the finest three color work; inserts for Art Magazines; fine post card work, tell us that they could not do without it. It's as good for folding box work or any class of plate printing, where quick or accurate work is necessary, and where isn't it? Remember that about all it saves you is time -- money -- trouble.

"WE PROVE IT IN YOUR OWN PLANT --- AT OUR EXPENSE"

We'll put a job on your press (if you want us to and show your men how simple it is to --

Do better work --- do it easier, and to make more money for <u>you</u>. Does it interest <u>you</u>?

Drop us a line; we'll be on the job.
