# Cincinnati Keeping Step.

---

**N**OTWITHSTANDING the check in the growth of business, apparent throughout the country in the last two or three years, there has been no visible check in the growth of the Queen City. The momentum acquired three or four years ago has enabled her to keep step with the steady progress of the large American cities. The recent *faux pas* of the Federal census taker in representing the abnormally small gain Cincinnati has made in population emphasizes the fact that her gains by the annexation of adjacent villages alone amount to more than is credited in the census, while the evidence is on every hand that her natural gains, by birth, and gains by immigration have been even greater than are the total gains of many of her rivals. The bulletin sent out from Washington stated that the gain in Cincinnati amounted to but 7,032. The facts are that in Winton Place, Evanston, Bond Hill, Hyde Park and the other small territory annexed in the last year, there is a population exceeding the total just quoted. In the school census figures, in the voting population, in the unprecedented demand for dwellings of all descriptions, a demand that has warranted landlords in again increasing rents, there are the unmistakable signs that immigration and the natural increase in population is far in excess of the figures which the Federal census taker seems grudgingly to have acknowledged.

In naming the gains which Cincinnati's rivals have made, the population of nearly or quite all of the territory located in the county where those rivals are found has been enumerated and credited. The area of some of the large American cities constitutes an empire, so great is it; so sparsely settled that it has not been found necessary to remove some of the primeval forests. In discussing Cincinnati's population and rank among other American cities no account is ever officially taken of the population located immediately across the river, as dependent upon Cincinnati for business, as is the borough of Brooklyn upon New York, and as much a part of it, though under the protection and control of the government of another State. In this trans-river district, sometimes called the bedroom district of Cincinnati, in the cities of Covington, Newport, Bellevue, Dayton and Ludlow, there is a population variously estimated from 100,000 to 125,000, while in the Hamilton county villages of Norwood, St. Bernard, Elmwood, Carthage, Hartwell, Lockland, Wyoming, Glen-

dale, Reading, Addyston, Mt. Healthy, College Hill, Harrison, Cleves, Pleasant Ridge, Delhi and Madisonville, many of them lying adjacent to the corporation of Cincinnati, there is a population sufficient to swell the last enumeration of Cincinnati fully sixty thousand, making a grand total of not far from half a million souls.

But it is not in the growth of population alone that the inhabitants of Cincinnati find satisfaction; it is in her superior credit, her bonds selling at the highest rate of premium; in her multitude of natural advantages, geographical and climatic; in her wealth and variety of industries, in her unsurpassed shipping facilities, all of which contribute to material growth. Her 3 per cent. securities have been floated at a premium; her climate, averaging about 75 degrees in the summer and 34 degrees in the winter, makes out-of-door business the year around not only possible, but pleasant. There is an advantage in being in the center of a population of consumers numbering not less than 6,000,000, all of whom can be reached in a railroad ride of four hours or less; in having industries that number their variety by the thousand and that invite the skill of every known artisan, and in having the cost of living lower than in any other large American city. As for shipping advantages, there are sixteen railroads, most of them trunk lines, that enter Cincinnati, and nearly all of them find their termini here, and there are at least nineteen packet lines running between Cincinnati and the various cities on the Ohio and Mississippi rivers, the Big Sandy, Cumberland, Tennessee, Green, Red, White, Arkansas and Yazoo, offering freight rates which railroads can not afford to meet.

These many advantages, natural and artificial, only a few of which have been touched upon, have made it possible for the city to make an excellent showing in the past year. According to the facts as presented by Superintendent Murray, of the Cincinnati Chamber of Commerce, the grain receipts in Cincinnati exceeded any previous year in quantity.

The local manufacture of flour was enlarged.

The manufacture of hog products was increased about 12 per cent., in comparison with the preceeding year.

The aggregate receipts of live stock gained 8 per cent. over the year previous.

The indicated sales of groceries gained 6 per cent.

The local distribution of dry goods shows a gain over the previous year of 7 per cent.

The manufacture of shoes was largely increased, while the aggregate sale of the same product from elsewhere increased about 8 per cent.

In the clothing industry there was a gain over the enormous aggregate of the year before of about 4 per cent.

The receipts of coal surpassed any record of any previous year.

The production of distilled spirits made a gain of 25 per cent. over the average of the five previous years.

Malt liquors also show a gain.

The auction sale of leaf tobacco was increased about 6 per cent.

The receipts of lumber were in excess of the average of the five previous years.

The local production of soap indicates a gain of about 7 per cent.

In the manufacture of vehicles there was an increase.

In the volume of business done by the manufacturers of wood-working machinery, machine tools, metal products in variety, printing ink, chemicals, furniture, pianos, fire-proof safes, pottery and many other lines, large increases were reported.

The bank clearings in Cincinnati for the fiscal year ending April 30, 1903, were \$1,125,858,050. For the twelve months ending April 30, 1904, they were \$1,148,161,800.

In the transportation line there was a volume of business exceeding any previous year, the arrivals of freight amounting to 8,000,000 tons and the shipments to 9,000,000 tons.

In the business of the Cincinnati & Suburban Bell Telephone Company in the last three years there has been an increase of about 105 per cent.

There have been no permits issued in the past year for million-dollar skyscrapers, and yet the aggregate of building permits, as shown by the Building Inspector for the year ending April 30, 1904, foots up to \$3,823,230.

In the past year the Traction Company shows gains amounting to more than 4 per cent.

The Cincinnati Gas & Electric Company, for the months of the current year, show a gain in volume of business over a corresponding period of last year amounting to 22 per cent.

The total exports for Cincinnati in the year ending May 31, 1903, were named by the Chamber of Commerce at \$315,000,000. According to the best information obtainable by that same source, in spite of the general falling off in business, the exports for the year ending May 31, 1904, show an increase over the previous year of not less than 7 per cent.

There is enough in the foregoing to prove our position, taken in the introduction, that Cincinnati is keeping step and is marching on.

## WHAT TO SEE IN CINCINNATI.

---

Of all American cities, save New York and Boston, there are probably none with the number of points of interest for strangers that Cincinnati has—none where strangers can more profitably spend a few hours or days sightseeing.

### A BEFORE-BREAKFAST WALK.

If stopping in the central portion of Cincinnati, without the aid of any street car, see the Post Office, in Government Square, built at a cost of six millions; the Fountain, in Fifth street, between Vine and Walnut streets, presented to Cincinnati by Tyler Davidson; the Arcade, running between Fourth and Fifth streets, from Vine to Race streets; the Chamber of Commerce building, corner of Vine and Fourth streets; the Romanesque Public Library building, with its more than a quarter of a million volumes, in Vine street, between Sixth and Seventh streets; the City Hall, occupying the square bounded by Eighth, Ninth and Plum streets and Central avenue; St. Peter's Cathedral, corner of Eighth and Plum streets, and in the Cathedral see "St. Peter Delivered," by Murillo, a painting that constitutes one of the glories of America. See the Hebrew Synagogue, in Plum street, opposite the Cathedral. Note at this corner the radically different styles of architecture. If interested in the history of famous poems, see the dwelling, No. 21 East Eighth street, where T. Buchanan Read, in the afternoon of November 21, 1864, wrote "Sheridan's Ride." See the bronze tablet on the dwelling's facade.

### THE ZOOLOGICAL GARDENS.

To "do" Cincinnati and not visit the Zoo would be to see the play of "Hamlet" and not catch a glimpse of the melancholy Dane, or to "do" Europe and ignore Paris. The Zoological Gardens, occupying forty-five acres at the head of Vine street, have a collection of animals second to none in the world. In point of facility for caring for the various animals and making their environments more nearly approach their native lairs or jungles, the Cincinnati Zoological Gardens are superior to all. People cross the Atlantic to Europe to visit spots not half so interesting as the Cincinnati Zoo.

Take the Zoo-Eden Park or Mt. Auburn-Zoo Traction line.

## THE CINCINNATI HOSPITAL.

See the Cincinnati Hospital, consisting of eight buildings, arranged *en echelon* round a central court, in Twelfth street, between Central avenue and Plum street. /

Take the Clark street cars.

## THE COURT HOUSE.

See the Hamilton County Court House, about which the mob raged and fought in 1884 while that building was burning. Main street, between North and South Court streets.

Take the College Hill and Main or the Mt. Auburn-Zoo cars.

## MUSIC HALL.

See the Music Hall and its pipe organ, one of the largest in the world, and note the exquisite carving in the organ's front. Elm street, north of Twelfth street.

Take the Colerain, or Clifton and Elm, or McMicken avenue and Elm street cars.

## ROOKWOOD.

See the Rookwood Pottery on Mt. Adams, and then continue the ride to the Art Museum and the Cincinnati Art School, both located in Eden Park. As you ride through the park see the reservoirs in which Cincinnati's daily water supply is stored; also the water tower, from which a water supply gravitates to the inhabitants of the high elevations.

Take the Zoo-Eden Park car and notice the incline plane on which your car rides as you ascend to Mt. Adams. View the city from the top of the plane.

## WALNUT HILLS.

Take a ride through Walnut Hills. Notice Elsinore Tower, one of the entrances to Eden Park, on your right as you ascend Gilbert avenue; on your left, in McMillan street, see the Old People's Home. If interested in church architecture, notice, as you pass the corner of Woodburn avenue and Madison Road, St. Francis de Sales Church, the finest specimen of the Gothic style in the West.

Take the Gilbert avenue line, and when you reach what is called the "Loop," return to the city via the Vine-Norwood line and notice on the left of Gilbert avenue Lane Theological Seminary, presided

over for twenty years by Dr. Lyman Beecher, father of Harriet Beecher Stowe, the place where Mrs. Stowe is credited with having written "Uncle Tom's Cabin."

#### AVONDALE.

Take the Avondale line for a ride through Avondale, another beautiful suburb, and return to the city by the Highland avenue line. On this return notice on the right of Burnet avenue the Altemheim, and nearly opposite, on the same avenue, the Jewish Hospital. As you turn the corner of Burnet avenue and Shillito street, notice the German Orphan Asylum.

#### LONGVIEW ASYLUM.

To visit Longview Asylum, one of the largest retreats for the insane in Ohio, take the Millcreek Valley line to Carthage.

#### WORK HOUSE.

To visit the Work House and the House of Refuge, both located on Colerain avenue, take the Colerain avenue line or the Chester Park line, via Cumminsville.

#### SPRING GROVE CEMETERY.

If interested in landscape gardening, and you are not satisfied with the beautiful specimen you have witnessed at the Zoo, take a Chester Park car, either via Cumminsville or Avondale, to the entrance of Spring Grove Cemetery, where a conveyance is always ready to carry you through the 600 and more acres for the small sum of fifteen cents. Of this spot Appleton's Cyclopaedia, Volume XIII., Page 108, says:

*Cincinnati possesses in Spring Grove Cemetery the best example in the world, probably, of landscape gardening applied to a burial place.*

While in this cemetery see the Dexter Chapel and the Fleischmann Mausoleum, the latter costing more than \$60,000.

#### HARRISONS.

An equestrian statue of William Henry Harrison, ninth President of the United States, stands in Garfield Place, named from the martyred Garfield, a statue, heroic size, of whom stands at the junction of Garfield Place and Race street. If there be a desire to visit the old home of the Harrisons, take the Sedamsville car to Riverside,

whence another car will convey the traveler down the river to North Bend, where was once located the home of the hero of Tippecanoe and the famous hard cider campaign. Here on a conspicuous mound lie the remains of William Henry Harrison. Four miles further down the river, on the farm once owned by Scott Harrison, son of William Henry and father of Benjamin Harrison, twenty-third President of the United States, is located on a high hill overlooking the Great Miami Bottoms, a prehistoric fort, now known as Fort Hill. The bastions of this ancient fortification are as well defined as if built yesterday. A couple of Indian mounds, located inside this fortification, give zest to the interest attached to it. This spot can be reached by a ride on the Baltimore and Ohio Southwestern.

#### COLLEGE HILL.

See College Hill, where is located the Ohio Military Institute, and while in this suburb take a traction car out to "Clovernook," once the home of Alice and Phoebe Cary, now the Home for the Blind. Take the College Hill-Main car.

#### THE CINCINNATI UNIVERSITY.

See the Cincinnati University in Burnet Woods. Take the College Hill-Main or Clifton and Elm car.

#### THE CINCINNATI CREMATORY.

See the Cincinnati Crematory in Dixmyth avenue. Take the McMicken avenue car or the College Hill-Main or the Clifton and Elm cars.

#### CLIFTON.

By a Vine and Clifton car ride through the center of the "Over-the-Rhine" district, go to the end of the line, and then take a walk through a suburb that is practically a vast park, with here and there a palace set down in it, a suburb which Charles Dickens once pronounced the handsomest he had ever seen.

#### THE CINCINNATI OBSERVATORY.

Visit the Cincinnati Observatory, located at Mt. Lookout. For an opportunity to look through the big telescope get a permit from the clerk of the University Board at his office in the City Hall. Take either the East End or the Madison Road cars.

## VIEWS OF CINCINNATI.

Take the Warsaw car to Price Hill, notice a specimen of ingenious engineering in the ride up the hill—engineering that was made necessary because of the extraordinary steep grade. From one of the many elevations on Price Hill see Cincinnati in the magnificent amphitheater below. Return to the city via the Elberon avenue car and enjoy another inspiring view of the city, the river and the Kentucky hills.

## CHESTER PARK.

If in Cincinnati in any one of the summer months visit Chester Park resort, where there are landscape and waterscape galore, and where every variety of innocent amusement, from opera to a ride on a roller coaster, can be had almost for the asking.

Take any car labeled Chester Park.

## CONEY ISLAND.

Visit Coney Island, an up-the-river resort. Take an East End car east and transfer and take a Coney Island car, or take a boat at the foot of Broadway.

## TRANS-RIVER DISTRICT.

Take Ft. Thomas car and see the Government military station, note the picturesque route, and before returning to the city visit the Lagoon in Ludlow, Ky.

## STREET CARS.

As all roads once led to Rome, so all Cincinnati Traction lines now lead to Fountain and Government Squares, which constitute a sort of clearing-house for street cars. At this central point a car can be taken for any part of the city, for any suburb and for any of the interesting spots named in this sketch.

22 EAST THIRD STREET,

CINCINNATI, O.

**The Chas. Kuhl Artificial Stone Co.**

216 E. COURT ST.

**CEMENT AND IT'S USE.**

All Cements are a product of fire "or heat." and Portland or Artificial Cement needs a much greater and a more sustained heat to produce it than is necessary to produce the natural Cement, the latter being the natural stone calcined or burned into lime, just the same as we burn our limestone into lime for building purposes, while the former is an artificial Cement made by the proper admixture of marl-limestone, etc., to give it the proper strength and setting qualities.

Buildings or stone constructed of concrete will not be affected by fire as they would be if constructed of natural stone, for in the latter, if a certain amount of heat is generated, the natural stone will spall off, or go to pieces, or burn to lime. This will not be the case in concrete walls unless they are composed of limestone and cement. In this case the limestone will be converted into lime and thereby expand, and lose its consistency, and the Cement can, therefore, have no strength, as it is in the minority, and will, therefore, crumble. This calcining of the limestone shows that it should never be used where there is any chance for it to be exposed to any great heat.

In this section of the country we have any amount of material that can not be burned to lime, viz., gravel and bowlders, which are of a flint formation, and are practically indestructible, as they can not be burned to lime by any heat that a burning building would produce, and even if the walls got red hot, throwing water on them would not make them crumble or spall off, as it does with natural stone of any kind, and concrete properly constructed is, therefore, the best material that can be used for building purposes. The Chas. Kuhl Artificial Stone Co. having been engaged in the concrete business since 1878, are, therefore, competent to give good advice and do first-class work in all concrete construction.

A list of our clients, as references, furnished upon  
request.

# ADJUSTMENT CO.

## BONDED COLLECTORS.

Our service offers you superior facilities for the collection of your accounts, and there are many reasons why you should send them to us instead of sending them direct to attorneys in the cities where debtors are located.

Briefly stated, a few are :

- 1st. Quicker action, surer and better results.
- 2nd. Collection fees reduced to the minimum.
- 3rd. Our guarantee of attorneys fully protects you against loss.

“Experience is the germ of power; its application the soul of success.”

Ten years of experience enables us to render clients invaluable assistance. Business entrusted to us is not turned over to a stenographer, but receives our PERSONAL ATTENTION. WE GUARANTEE to our clients :

**Vigorous Action** and persistent prosecution of every item, irrespective of size.

**Prompt Reports:** Frequent and unsolicited reports on the debtor's condition and prospects of collection.

**Immediate Remittance:** Partial payments remitted as soon as they are collected.

---

At your convenience, our representative will call and explain our methods.

## CINCINNATI BUSINESS COLLEGE

### AND MORSE TELEGRAPH SCHOOL.

We teach the famous Budget System in Bookkeeping.

We also have the exclusive control of the most wonderful system of Shorthand extant. Our students take dictation after a few days, and we guarantee to teach you as much in a week as some schools do in two or three months.

"McKee's New Standard system of shorthand taught by Mr. Louis Traub, has enabled me to accomplish in five nights that which took me five months to acquire by the Graham System."

WM. H. WEIMANN.

"I started to take business letters of my firm after three weeks study."

MARGARET FLANNERY.

"I studied one of the older systems about two and one-half months. Later I came, took up the New Standard, and found that it had no complicated outlines, no positions, and no exceptions to the rules, as in the older system."

ROBERT HENRY VOGEL, 216 E. Liberty.

"On the SECOND DAY I WAS ENABLED TO TAKE DICTATION, and within a month accepted a position."

C. W. PERRY, Dayton, Ky.

"It affords me great pleasure to inform you that the two students whom I employed as stenographers are giving entire satisfaction; one of them, I understand, only having taken three months night course and the other three and one-half months day course in your college.

"It is unusual for college students to render such satisfactory service as those procured from your College, which indicates that their College training must have been thorough and practical."

Yours respectfully,

J. R. CLARK, Treasurer,  
Union Central Life Ins. Co.

"I took but SIX LESSONS in the New Standard when I was able to take dictation in the business house where I am employed. The Standard System is simpler, the outlines more flowing. I am thus enabled to read my notes more readily. It is the system of systems."

Respectfully yours,

GRACE RENSHAW, 1034 Findlay St.

"The efficiency of your excellent school is emphatically demonstrated by your having supplied me with five different qualified stenographers. The last two, trained under your new admirable system, have proven by far the most successful and best equipped."

Yours, very sincerely,

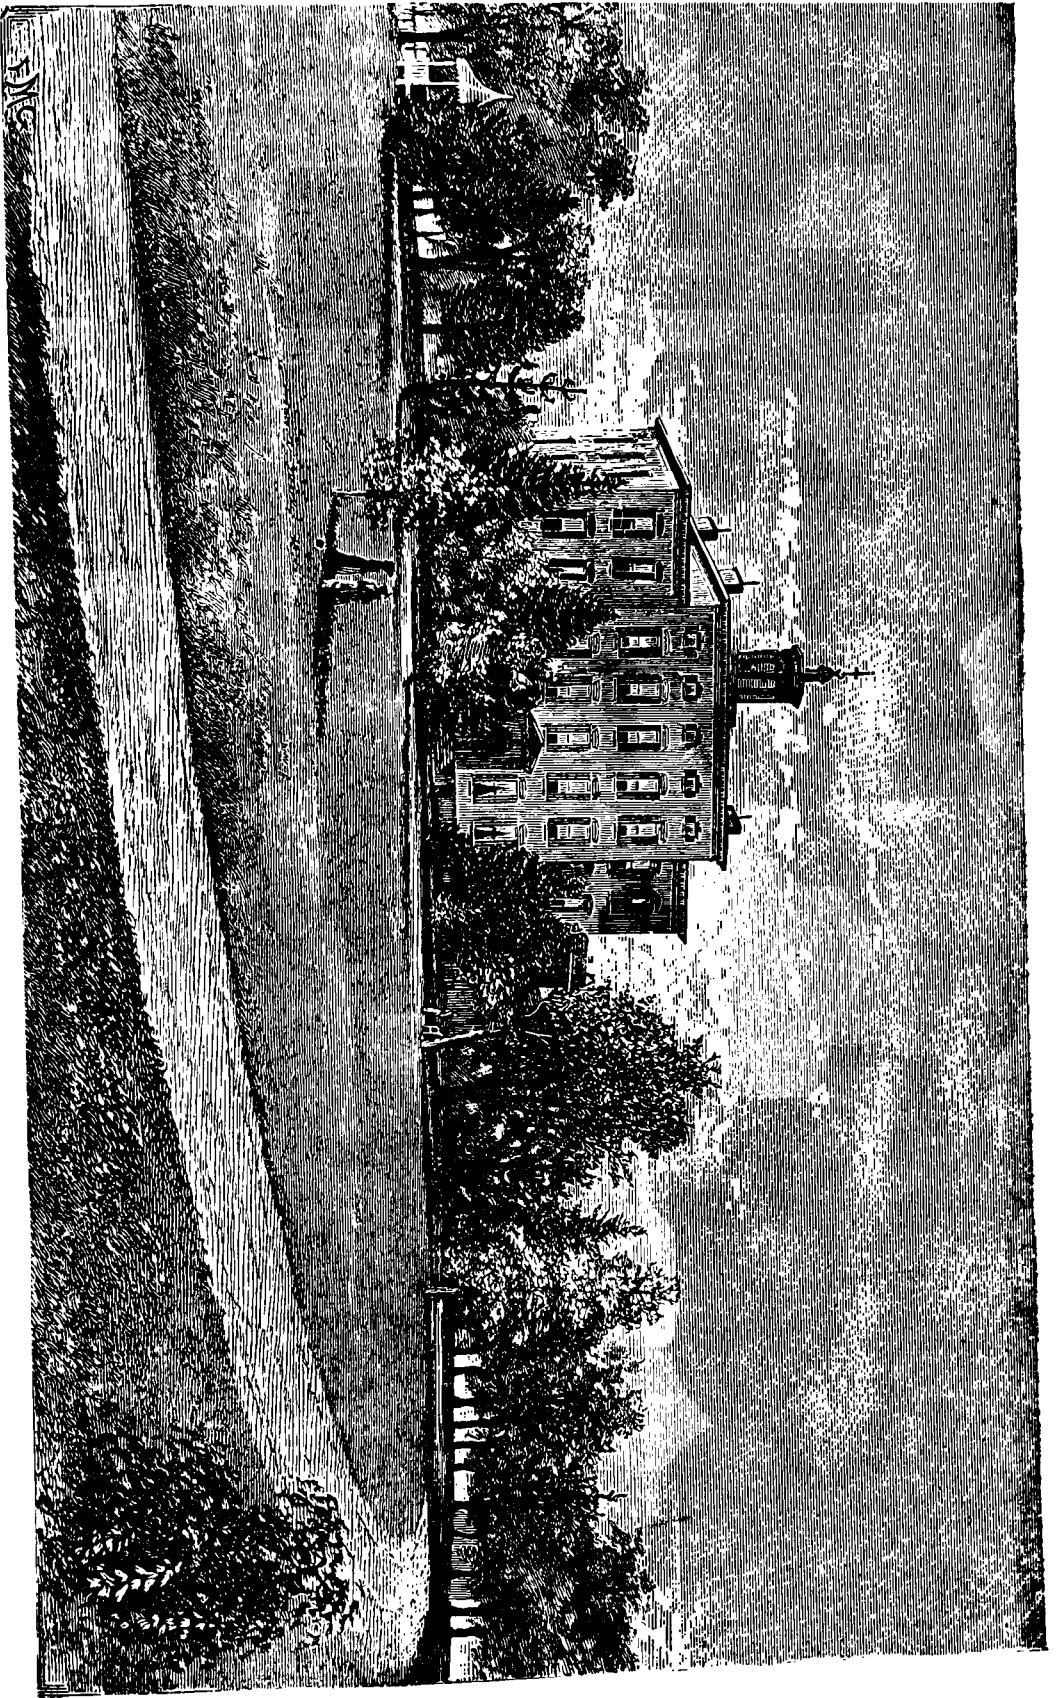

J. M. EILERS.

"We have never yet employed an amateur that proved so efficient in the beginning as your student, and she is now definitely in our employ.

"We were simply amazed at the number and quality of books and stationery used in the Banking and Wholesale Departments of your College, which would, we assure you, do credit to some of the largest business houses of the Queen City." With best wishes, we are,

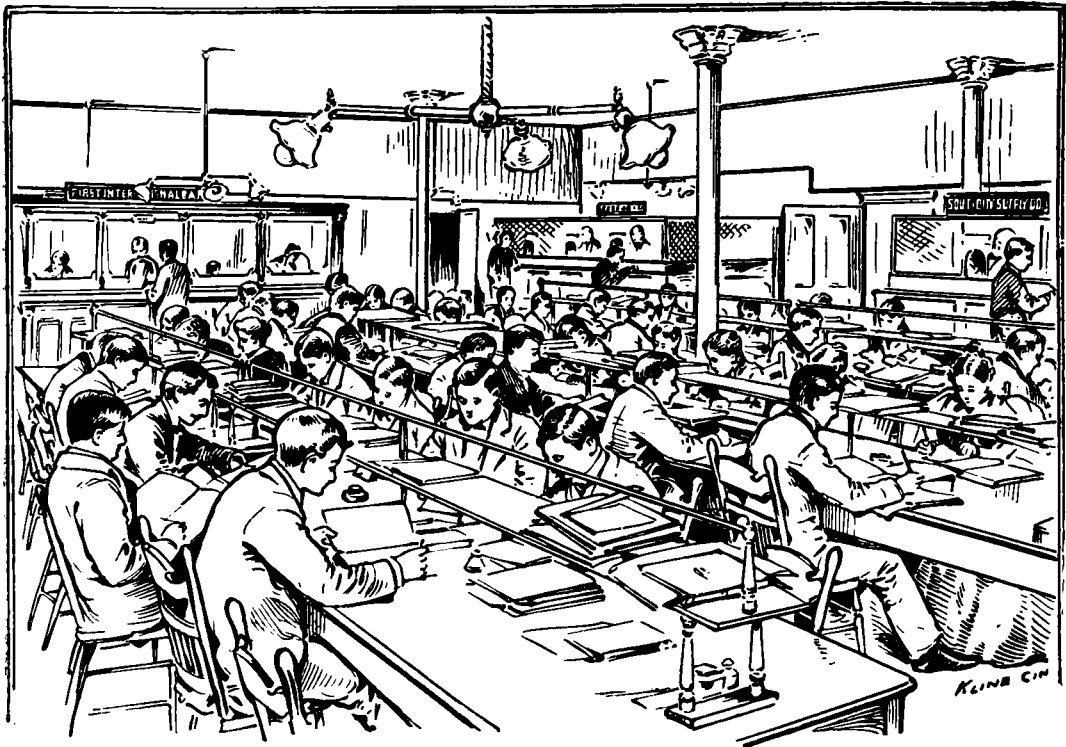

Very truly yours, THE BOHNERT-BRUNSMAN CO.

Per W. J. Brunsmann.

# NELSON'S BUSINESS COLLEGE.

Typewriting.

We occupy seven rooms.

We occupy the entire 4th floor of the Odd Fellows Temple, fronting on 7th and Elm.

## Advantages Peculiar to Nelson's Business College.

In it originated the method of teaching by thoroughly organized business communities.

From the first day until the last, students in the business department are engaged in actual business transaction.

It leads in every wise step towards thorough equipment of young people to fill positions of responsibility in the business world.

The perfect order and discipline during school hours make a quiet place, where students may study without annoyance or interruption.

The Nelson College employs only first-class teachers in all departments. Each member of the faculty is especially educated and trained for the branches he or she teaches.

The students are drilled daily in business arithmetic, penmanship and bill making. After engaging in business on his own account, each student is permitted to keep the books in two or three of the large offices connected with the business department of the school.

If you are looking for a first-class stenographer, bookkeeper or general office clerk, 'phone 1425 Main.

NELSON'S BUSINESS COLLEGE,

RICHARD J. NELSON, President.

# YOUNG MEN AND LADIES WANTED

TO LEARN

## TELEGRAPHY, R. R. ACCOUNTING, TYPEWRITING AND STENOGRAPHY.

•••••

This institution is exclusively endorsed by over fifty railroads and telegraph companies as the only practical school of its kind in America.

We give our students a \$500 bond to furnish them a position as agent or operator, at a salary of not less than \$50.00 per month, on the day their course is completed.

We have been established over 18 years, and have students from nearly every State in the Union during each year.

It will interest you to call at this institution and see our miniature railroad in operation for practical work.

Telegraph Operators are always in great demand, and we have no competition within 500 miles from Cincinnati in teaching telegraphy exclusively.

A life scholarship in Telegraphy, \$40; Railroad Accounting, \$10, and Typewriting \$10. Unlimited scholarship in Shorthand, \$30.

Tuition may be paid monthly. Day and Night sessions every week-day of the year. Call or write for free catalogue.

# Great Work Done

FROM

**1850**

x TO x

**1903**

<i>The ÆTNA LIFE has received</i> from its policy holders in payment of Premiums for Insurances granted . . .	<b>\$169,827,315.79</b>
<i>The ÆTNA LIFE has paid as</i> <i>Death Losses</i> to the representatives of its Policy Holders the sum of . . .	<b>\$56,969,154.86</b>
<i>And to its living Policy Holders</i> for Matured Endowments, Dividends, Surrendered Policies, and Accident Claims, the further sum of . . . . .	<b>\$75,414,819.10</b>
<i>Making a Total Cash Disburse-</i> <i>ment</i> to Policy Holders and their Representatives of . . . . .	<b>\$132,383,973.96</b>
<i>Add to this the Cash Assets</i> held for the benefit of Policy Holders, . . .	<b>\$63,493,545.73</b>
<i>Grand Total</i> Amount paid to, and Held for, Policy Holders is shown to be . . . . .	<b>\$195,877,519.69</b>

**THIS GRAND TOTAL IS**

**\$26,050,203.90**

**More than the whole Premium income received from  
Policy Holders.**

This demonstrates that not only has the Company paid to, and now holds for its insured, more than **\$26,050,203.90** above what it has received from them, but that it has also paid the entire expense of management during its long and successful career without entrenching whatever upon the income received from Policy Holders.

DEAR SIR:-

We refer you to Everybody in the Iron and Steel Industry and wish to inform you that we have available financial capacity of over a million dollars, and are prepared to supply you with every kind of Iron and Steel, also Rails, Relaying Rails and New Rails and all Goods and Material mentioned on this page, at Lower Prices than you can secure elsewhere. Our stock is very large and we contract for extensive quantities at a time from mfgs. who need ready money. We have thousands of tons.

We are also prepared and able to buy of you for prompt delivery or contract with you for future delivery, all the Iron and Steel Scrap, Old Rails, Relaying Rails, Old Railway Material and Goods mentioned on this page, which you may wish to dispose of, and will pay you very highest market prices, as we are always in need of same. We assure you that we realize we must take good care of your interests, and will merit your patronage by our broad business principles and sense of justice, as well as making prices to suit you.

We have entered the Race to Stay and intend to Lead. Our territory covers the whole United States, Canada and Mexico.

Kindly advise us as to what we may expect, for which courtesy we are grateful.

Yours truly,

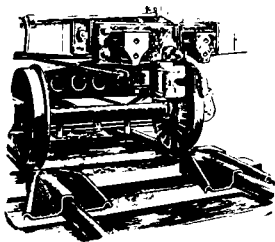

**I. C. HIRSCH-IRON-STEEL & RAIL CO.**

### SPECIAL NOTICE!

At Prices to Suit You.

The Pritchard Pressed Steel Car and Locomotive Replacer.

City Paved Street Replacer, for use on either T or Girder Rail.

**THE PRITCHARD PATENT PRESSED STEEL REPLACER** is made of steel plate, and is the lightest Replacer on the market, which can be guaranteed to carry the weight of the heavy locomotives and loaded freight cars without injury. These Replacers are rights and lefts, and require no clamping to hold it in position when in use. The merits of the Pritchard Replacer can most satisfactorily be proven by giving it a trial, and we will ship a pair for trial, upon order, to any point in the United States, the Replacers to be remitted for at the expiration of 30 days, or returned if not satisfactory.

In ordering, state style and size rail on which Replacer will be used.

### NEW RAILS.

HUGE BARGAIN!

We have on hand for delivery to suit you:

920 tons 30-lb. new Tee Rails.  
1,860 tons 35-lb. new Tee Rails.  
940 tons 40-lb. new Tee Rails.  
1,450 tons 45-lb. new Tee Rails.

with fastenings.

We Will Buy At Good Price Your

**I**NSTRUCTS, trains and educates after the best methods of Foremost European Conservatories. The faculty numbers some of the leading Musicians and Artists of Today.

The environment of the new location, with respect to refinement, home comfort and luxurious surroundings, is ideal. Delightfully located on the hills overlooking the city, in the finest building devoted to music in America. Day and boarding pupils enrolled at any time. For catalogue address

MISS CLARA BAUR, Cincinnati Conservatory of Music.

Highland Avenue and Oak Street.

CINCINNATI, OHIO, U. S. A.

## Metropolitan College of Music.

2413-2415 Auburn Ave., Mt. Auburn, Cincinnati, Ohio.

W. S. STERLING, Dean.

JAS. A. ROBERT, President.

This College offers the complete courses and methods of study of the European Conservatories in the same time and at a price only a little higher.

The college course of this College includes, at one rate of tuition, namely, \$40 per term of ten weeks, several branches, and by a unique arrangement enables the student to thus get a comprehensive education under the best teachers at a moderate cost.

Private lessons in all branches. Lectures, concerts and recitals for the benefit of students.

Phone North 1590.

Send for Catalogue.

---

The Association of American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide **protection** to the public against **fraudulent advertising schemes which operate under the name of Directories**, and to drive unprincipled promoters of the same out of the business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

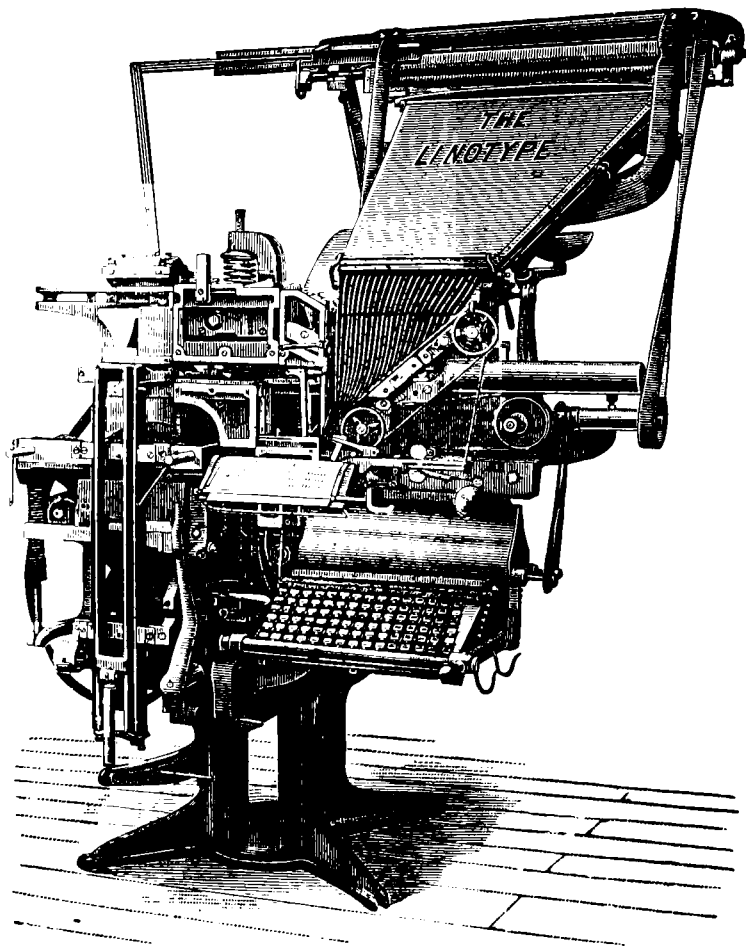

**\$100.00 Reward** Will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake directory.

# STREET DIRECTORY.

**T**HE Street Directory is an alphabetical arrangement of the names of the Streets and Avenues of the city. By the decimal system of numbering houses, one hundred numbers are allotted to each square. On streets running north and south the numbering begins at the Ohio River. The streets running east and west are numbered East and West from Vine street. All other streets not commencing at either of the above points are numbered in accordance with this system. To such of the streets as are of any considerable importance the names and numbers of intersecting streets and avenues are given in the order in which they occur, which enables one to tell between what streets a certain number is. For instance, you have 420 W. 6th street: by reference to the Street Directory, you find 400 at Central Av. and 500 at John street; consequently the place you wish to find is between Central Av. and John.

- AARON ALLEY**, between Baymiller and C.C.C.&St.L.R.R., from Webb to Avery.
- ABBOTT**, from Vinton west of Fenner to Judson, Fairmount.
- ABBOTT ALLEY**, between Webster and Franklin, from Von Seggern alley to College alley.
- ABBOTT ALLEY**, from Central Av. to Smith, between Water and Front.
- ABERFELDY**, east of Epworth Av., from Lawnway north and south, Westwood.
- ABIGAIL**, (now E. Twelfth).
- ACADEMY AV.**, from Vincent Av. south to 8th, first west of Beech Av., Price Hill.
- ACCOMMODATION**, between Gilbert Av. and Deercreek Road, north from Gilbert Av. to Eden Park.
- ADA**, north of Warner, from Ravine to Fairview Av., Fairview Heights.

## ARTIFICIAL LIMBS

N. W. Cor. Fifth and Plum Sts., Cincinnati, O.

Telephone Main 4715-R. U. S. Government Manufacturer.

## ❖ ARTIFICIAL LIMB COMPANY. ❖

The Fiber and Aluminum Artificial Limb Co. manufacture the J. Forster Improved Limb. It is pliable and will adjust itself to the stump. It is the lightest limb made. It has as natural action in all its parts as is possible in an artificial limb. On stumps, six inches or more below the knee, we get rid of all metallic joints, thus saving the extra weight of the wearer and giving the knee its natural action.

Fiber and Aluminum Artificial Limb Co.

n.e.c. 5th and Plum.

## Safe Investments

To meet increasing demand for safe bonds which pay a better rate than municipals, we have some high-class Public Service Corporation issues. They will net the investor from 4 to 5 per cent.

Interest paid on deposits, on a new plan.

## Safe Investments

The safest investments are Government Bonds, on which the rate is very low; next come Municipal Bonds, with higher rates; then Public Service Corporation Bonds, yielding as great an income as proper security allows. We deal only in these three kinds.

Interest paid on deposits, on a new plan.

## Safe Investments

To meet increasing demand for safe bonds  
which pay a better rate than municipals,  
we have some high-class Public Service  
Corporation issues. They will net the in-  
vestor from 4 to 5 per cent.

Interest paid on deposits, on a new plan.

**RUDOLPH KLEYBOLTE & CO.**

## Safe Investments

The safest investments are Government Bonds, on which the rate is very low; next come Municipal Bonds, with higher rates; then Public Service Corporation Bonds, yielding as great an income as proper security allows. We deal only in these three kinds.

Interest paid on deposits, on a new plan.

## Safe Investments

To meet increasing demand for safe bonds which pay a better rate than municipals, we have some high-class Public Service Corporation issues. They will net the investor from 4 to 5 per cent.

Interest paid on deposits, on a new plan.

**Safe Investments**

The safest investments are Government Bonds, on which the rate is very low; next come Municipal Bonds, with higher rates; then Public Service Corporation Bonds, yielding as great an income as proper security allows. We deal only in these three kinds.

Interest paid on deposits, on a new plan.

## Safe Investments

To meet increasing demand for safe bonds which pay a better rate than municipals, we have some high-class Public Service Corporation issues. They will net the investor from 4 to 5 per cent.

Interest paid on deposits, on a new plan.

**RUDOLPH KLEYBOLTE & CO.**

Ground Floor, First National Bank Building.

**Safe Investments**

The safest investments are Government Bonds, on which the rate is very low; next come Municipal Bonds, with higher rates; then Public Service Corporation Bonds, yielding as great an income as proper security allows. We deal only in these three kinds.

Interest paid on deposits, on a new plan.

**Safe Investments**

To meet increasing demand for safe bonds which pay a better rate than municipals, we have some high-class Public Service Corporation issues. They will net the investor from 4 to 5 per cent.

Interest paid on deposits, on a new plan.

**Safe Investments**

The safest investments are Government Bonds, on which the rate is very low; next come Municipal Bonds, with higher rates; then Public Service Corporation Bonds, yielding as great an income as proper security allows. We deal only in these three kinds.

Interest paid on deposits, on a new plan.

## Safe Investments

To meet increasing demand for safe bonds which pay a better rate than municipals, we have some high-class Public Service Corporation issues. They will net the investor from 4 to 5 per cent.

Interest paid on deposits, on a new plan.

**RUDOLPH KLEYBOLTE & CO.**

## Safe Investments

The safest investments are Government Bonds, on which the rate is very low; next come Municipal Bonds, with higher rates; then Public Service Corporation Bonds, yielding as great an income as proper security allows. We deal only in these three kinds.

Interest paid on deposits, on a new plan.

**RUDOLPH KLEYBOLTE & CO.**

**Safe Investments**

To meet increasing demand for safe bonds which pay a better rate than municipals, we have some high-class Public Service Corporation issues. They will net the investor from 4 to 5 per cent.

Interest paid on deposits, on a new plan.

## Safe Investments

The safest investments are Government Bonds, on which the rate is very low; next come Municipal Bonds, with higher rates; then Public Service Corporation Bonds, yielding as great an income as proper security allows. We deal only in these three kinds.

Interest paid on deposits, on a new plan.

**RUDOLPH KLEYBOLTE & CO.**

Ground Floor, First National Bank Building.

## Safe Investments

To meet increasing demand for safe bonds which pay a better rate than municipals, we have some high-class Public Service Corporation issues. They will net the investor from 4 to 5 per cent.

Interest paid on deposits, on a new plan.

## Safe Investments

The safest investments are Government Bonds, on which the rate is very low; next come Municipal Bonds, with higher rates; then Public Service Corporation Bonds, yielding as great an income as proper security allows. We deal only in these three kinds.

Interest paid on deposits, on a new plan.

## Safe Investments

To meet increasing demand for safe bonds which pay a better rate than municipals, we have some high-class Public Service Corporation issues. They will net the investor from 4 to 5 per cent.

Interest paid on deposits, on a new plan.

## Safe Investments

The safest investments are Government Bonds, on which the rate is very low; next come Municipal Bonds, with higher rates; then Public Service Corporation Bonds, yielding as great an income as proper security allows. We deal only in these three kinds.

Interest paid on deposits, on a new plan.

## Safe Investments

To meet increasing demand for safe bonds which pay a better rate than municipals, we have some high-class Public Service Corporation issues. They will net the investor from 4 to 5 per cent.

Interest paid on deposits, on a new plan.

## Safe Investments

The safest investments are Government Bonds, on which the rate is very low; next come Municipal Bonds, with higher rates; then Public Service Corporation Bonds, yielding as great an income as proper security allows. We deal only in these three kinds.

Interest paid on deposits, on a new plan.

## Safe Investments

To meet increasing demand for safe bonds  
which pay a better rate than municipals,  
we have some high-class Public Service  
Corporation issues. They will net the in-  
vestor from 4 to 5 per cent.

Interest paid on deposits, on a new plan.

## Safe Investments

The safest investments are Government Bonds, on which the rate is very low; next come Municipal Bonds, with higher rates; then Public Service Corporation Bonds, yielding as great an income as proper security allows. We deal only in these three kinds.

Interest paid on deposits, on a new plan.

## Safe Investments

To meet increasing demand for safe bonds which pay a better rate than municipals, we have some high-class Public Service Corporation issues. They will net the investor from 4 to 5 per cent.

Interest paid on deposits, on a new plan.

**RUDOLPH KLEYBOLTE & CO.**

**Safe Investments**

The safest investments are Government Bonds, on which the rate is very low; next come Municipal Bonds, with higher rates; then Public Service Corporation Bonds, yielding as great an income as proper security allows. We deal only in these three kinds.

Interest paid on deposits, on a new plan.

## Safe Investments

To meet increasing demand for safe bonds which pay a better rate than municipals, we have some high-class Public Service Corporation issues. They will net the investor from 4 to 5 per cent.

Interest paid on deposits, on a new plan.

**Safe Investments**

The safest investments are Government Bonds, on which the rate is very low; next come Municipal Bonds, with higher rates; then Public Service Corporation Bonds, yielding as great an income as proper security allows. We deal only in these three kinds.

Interest paid on deposits, on a new plan.

**Safe Investments**

To meet increasing demand for safe bonds  
which pay a better rate than municipals,  
we have some high-class Public Service  
Corporation issues. They will net the in-  
vestor from 4 to 5 per cent.

Interest paid on deposits, on a new plan.

**Safe Investments**

The safest investments are Government Bonds, on which the rate is very low; next come Municipal Bonds, with higher rates; then Public Service Corporation Bonds, yielding as great an income as proper security allows. We deal only in these three kinds.

Interest paid on deposits, on a new plan.

## Safe Investments

To meet increasing demand for safe bonds which pay a better rate than municipals, we have some high-class Public Service Corporation issues. They will net the investor from 4 to 5 per cent.

Interest paid on deposits, on a new plan.

## Safe Investments

The safest investments are Government Bonds, on which the rate is very low; next come Municipal Bonds, with higher rates; then Public Service Corporation Bonds, yielding as great an income as proper security allows. We deal only in these three kinds.

Interest paid on deposits, on a new plan.

**RUDOLPH KLEYBOLTE & CO.**

Ground Floor, First National Bank Building.

## Safe Investments

To meet increasing demand for safe bonds  
which pay a better rate than municipals,  
we have some high-class Public Service  
Corporation issues. They will net the in-  
vestor from 4 to 5 per cent.

Interest paid on deposits, on a new plan.

## Safe Investments

The safest investments are Government Bonds, on which the rate is very low; next come Municipal Bonds, with higher rates; then Public Service Corporation Bonds, yielding as great an income as proper security allows. We deal only in these three kinds.

Interest paid on deposits, on a new plan.
