SANITARY PLUMBING,

Importers & Jobbers of Plumbers' Supplies

633 Walnut Street, CINCINNATI, OHIO.

Carlisle

Pedestal

Washout

Water-Closet.

All Carlisle Water-Closets have the  
Registered Trade-Mark.

PARTICULAR ATTENTION PAID

—TO—

REMODELING BATH ROOMS.

PLUMBING TESTED  
by  
SMOKE TESTING MACHINE.

Made of Vitreous China, which is non-absorbent and proof against crazing. The seat and lid are attached to closet in a strong and neat manner. The hinges having no bolts or screws to become loosened gives the closet a classic and artistic appearance. Connection from closet to flush-pipe being made by a telescope slip joint, which allows for any settling of floors or shrinking of timbers.

# Best Pump on Earth

Over 170,000  
in daily use.

HIGHEST AWARD WHEREVER EXHIBITED.

# For Wells and Cisterns.

Drink Pure Water  
and Enjoy  
Good Health.

It draws ten gallons of water per minute.

It has no tubing to rust, burst or wear out.

It has no superior for durability or price for wells up to sixty feet.

It will not rust, the chain and buckets being made of galvanized steel.

It has no wooden tubing, rubber or leather in contact with the water to contaminate it.

After years of service the same number of turns of the crank draws the same amount of water as when new.

It never has to be packed primed or thawed out.

It will not freeze, as the cups discharge themselves, having stood the test of 38 degrees below zero.

A ten-year old boy can draw water with ease from a 60 foot well.

It can be put up in fifteen minutes, as it has no attachments below the platform.

It saves its cost in doctor bills alone every six months, as pure water is an absolute necessity to insure good health.

You do not have to pump out a pailful of water to get a *fresh, cool drink*, for every cup goes down full of air to the bottom, and fills with cold water as the air escapes.

**PRICE \$10** for a pump, packed complete, curb, fixtures and sufficient chain (25 ft.), to a 10 foot well or cistern. Fifty cents for every additional foot in depth.

## HOW IT PURIFIES WATER.

For every gallon of water drawn, a gallon of air (the vital element), is circulated through the water. The oxygen thus introduced, ventilates, vitalizes and purifies the water, destroying all water worms, water lice and germs of disease. **Guaranteed** to remove all impurities from the foulest well or cistern, in a few days ordinary use, and keep water equal to a mountain spring. It will make bad water good and good water better. If not found superior to any pump on earth (for domestic use), it may be returned and money refunded.

# THE BUCKET PUMP CO.

409-1411 Plum Street, Opp. Music Hall,

CINCINNATI, O.

E 2325.

(OVER.)

# Patent Removable IRON PLATFORM.

♦ ♦ ♦ ♦  
MOST SIMPLE AND DURABLE.

*Can be opened to clean well or cistern without removing screws, bolts, pump or platform, thus preventing injury or breakage to pump, platform or cistern, as heretofore.*

More Serviceable and durable than either stone or wood.

Will fit neck of any cistern or well, being 33x39 inches in size.

The center part works like a hinge, will open at right angles leaving an opening large enough for all purposes, 16 x 24 inches.

Pump does not have to be removed nor chains taken out as it will swing out of the way when pump is turned back.

It can be opened or closed without time or trouble.

Being corrugated, it is strong, and in durability will last a life-time.

Will not break, slip, rot or wear.

**PLATFORM OPEN.**

Is always neat and clean, as no vermin can get into well or cistern, nor water accumulate to rot pump or platform.

The most practical platform ever invented. By merely laying pump over on its back, it is as easy to descend into cistern as into your cellar, by simply taking out a wire pin.

Has no attachments and requires no fastening. Easily placed in position. Never requiring to be removed. No Pump complete without it.

Ask your dealer for it.

Liberal discounts to the trade.

Price, \$5.00 complete no attachments required.

**CISTERN BEING OPENED.**
